Healthcare without borders

The Generali Global Choice plan is designed to enable employers to best respond to the increasing cost of international healthcare and the expanding mobility of employees and their dependants.

Our Plans are mainly insured and managed by Generali' specialist international Private Medical Insurance Division (Generali Global Health). We provide comprehensive health benefit solutions through a flexible plan design approach, with both standard and customised plans available to provide the coverage that best suits the needs of your company.

We are committed to assisting our clients and their staff to confidently navigate the wide variety of healthcare systems around the world. As a truly global insurer with local market knowledge, we give you access to an extensive, international health provider network, wherever your employees are based in the world, as well as a dedicated 24/7, world-class support service for employees, clients and intermediaries.

By choosing to partner with Generali Employee Benefits, you are providing your employees with flexible plan design, truly customer centric servicing capabilities and the financial security of the Generali Group, one of the world's largest and longest established global insurer.

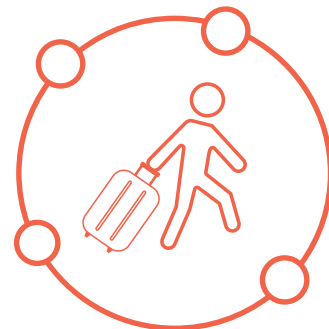

Flexible benefits schedule

Generali Global Choice is a modular plan to address the needs of today's internationally mobile employees for comprehensive in- and out- patient benefits and a growing number of lifestyle-enhancing solutions:

- Global coverage including or excluding USA
- Choice of cover:

Different levels of cover can be selected:

- Choose from 3 different inpatient options
 - Choose from 3 different outpatient options
 - Add some extra options with varying levels of each of the following benefits: Wellness, Fertility treatment, Vision care, Dental care, Pregnancy and childbirth
- Flexible underwriting terms and payment cycles.

Truly global medical network

Our medical network has access to over 730,000 healthcare providers in 208 countries. We continually work to further enhance and expand our network, based on our clients' needs.

With our database of industry-leading hospitals, doctors and specialists, we cover a comprehensive range of services including, but not limited to, specialised diagnostics testing, labs, neo-natal care, cardiac care, serious trauma injuries and burns, oncology, orthopaedics, general and specialised surgery, organ transplants and occupational medicine.

Our Medical Team guarantees the most effective solutions for our members, ensuring both quality of care and value for money.
